

Carer  
Solutions  
Australia™

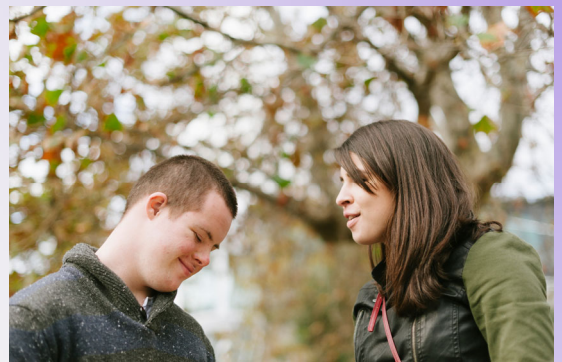

Carer Solutions Australia is a company built on the belief that everyone has the right to live a life **they** choose, on **their** terms.

At Carer Solutions Australia, **you** identify and recruit your own chosen support worker/s and we assist you, in your role as the employer.

Carer Solutions Australia helps you retain ultimate control over the people who work with you, the hours they work and the tasks that they perform.

We undertake on your behalf:

- Payment of wages
- Taxation
- Superannuation
- Insurances

Once we have set you up to meet the employment regulatory requirements, your main ongoing responsibility is simply to approve your support worker timesheets and send them to us for payment – we take care of the rest.

**Some examples of how you can use our service is as follows:**

- You would like to have someone you trust and have known for a long time and importantly, understands your situation supporting you
- You have identified a worker trained in personal care or life skills that has been recommended to you, through a mutual contact
- You would like to employ your child's teacher's aide who is available to offer support and is looking for some additional work

We are also an NDIS registered **Plan Management Provider (PMP) offering a Financial Administration service.**

This involves us paying suppliers on your behalf that you are utilising as part of your NDIS plan. Once you sign up with us we give you choice of how your invoices are paid.

We become your bookkeeper - to give you greater freedom to use any provider that suits your needs and to make sure your providers are paid in a timely manner, removing the stress and giving you peace of mind.
